

# Fast-track your career with Together Academy.

---

## Join our Graduate Programme.

Here at Together, we've been providing specialist finance (loans and mortgages) for nearly 50 years. And although we're an experienced market leader, we're a lot like a start-up: growing fast, and always innovating.

Our Graduate Programme promises far more than just a job; it's the chance to join a thriving business, learn from the best people in the industry, and grow your skills quickly.

Join us, and you'll gain lots of exposure to meaningful business projects, designed to help you gain a holistic understanding of our business, and provide you with an exceptional grounding in property and financial services.

You can also look forward to a competitive starting salary with bonuses, as well as a wide range of colleague benefits, including a great holiday allowance (with your birthday off), free gym membership, access to our company holiday homes, and much more!

# Checking you qualify.

To join our graduate scheme, you'll need to have graduated from University in the last year, or be due to graduate in 2023, with a minimum achievement or expectation of a 2:2 degree.

## Interested?

You don't have to be interested in a specific role or pathway, but you should be open-minded, with a strong desire to learn and accelerate your career.
